

**Model:** **ATOM FLY SHORT**

**Code:** **PE251BC**

**Colour:** **BLACK CARBON**

## DESCRIPTION

Work trousers made of U-4 fabric (U-Power 4 Way Stretch), very comfortable and durable to ensure safety and prolonged well-being thanks to the soft, water-repellent, breathable and quick-drying fabric.

Cargo type trousers ideal for the coldest months, such as autumn and winter, with two large holster front pockets that can be concealed in the two front pockets, and an elasticated waistband with an innovative retractable adjustment system which ensures an optimal fit.

Accentuated rear yoke to better protect the lumbar region, reflex tape on rear belt loop.

These men's work trousers with knee protection have many pockets: a side tool pocket, a large multifunctional side pocket with concealed badge holder, two back pockets, one with flap and one with velcro safety fastening, two knee pockets with hem binding and easy entry, all made of durable polyoxford 600D.

These comfortable men's work trousers feature an innovative heel reinforcement system, COMBAT, that uses a special abrasion-proof material that protects the trousers from wear and tear.

Two zipped pockets; one on the front right pocket and one on the side pocket.

These men's trousers feature triple stitching, central fly with YKK zip and scratch-resistant button.

Trousers for farmers, gardeners, carpenters, electricians, plumbers, installers, warehouse personnel, mechanics, builders.

PPE CAT certified knee protection. 1 - EN ISO 13688:2013, EN 14404:2004+A1:2010 WITH KNEE PAD ART. GC061BC (TYPE 2 – LEVEL 1)
