

Model: **DUBLINO**

Code: **IN231BC**

Colour: **BLACK CARBON**

DESCRIPTION

Dublino is a work vest suited to professionals who are looking for a functional, high-quality garment. Made of mechanical stretch Soft Shell fabric, this U-Power work vest offers excellent breathability and protection, with its windproof and water-repellent properties. The multi-pocket design makes it ultra-practical for all types of work.

This multi-pocket work vest features two zipped pockets on the front, perfect for safely storing and providing easy access to tools and other items. The adjustable drawstring and shaped bottom create a snug individual fit and extra comfort.

Ideal for a wide range of jobs, the Dublino work vest is highly versatile. It is particularly suited to sectors such as transport and logistics, building and construction, and service and industry, where resistance to the weather and practicality are essential.

Available in three different colour variations: Black Carbon, Westlake Blue, Grey Iron.

The work vest is also available in bundles of 10 (code CY231).
