

Model: **GORDON**

Code: **PE126AG**

Colour: **ASPHALT GREY**

DESCRIPTION

Work trousers for builders, warehouse workers, carpenters, plumbers, installers and all situations requiring free mobility. Elasticised trousers in TC stretch canvas fabric with two rear Free Pockets with velcro safety closure and large tool pocket with inserts in polyoxford 300D. Comfortable and resilient work trousers perfect for every season. Utmost practicality thanks to the numerous pockets: large multipurpose side pocket with hidden badge holder, two detachable pockets that can be placed inside the two front pockets and adjustable hammer pocket; knee pad pockets with opening from above in polyoxford 600D. Triple stitching. Central closure with YKK zip and scratch-resistant rubber button. Gordon is a very sturdy regular trouser model with triple stitching and reinforced inserts in double polyoxford 300D fabric in high-contact areas, and an innovative trouser hem reinforcement system with anti-abrasive material that guarantees resistance and durability. Reflex inserts to guarantee safety even in conditions of poor visibility. The fit is perfectly adaptable thanks to the hidden FLEXBAND waist regulation system. Ergonomic knee pad compliant with standard EN 14404 (type 2, level 1) art. GC061BC.
