DESCRIPTION

Men's polo shirt in thermo-regulating fabric with HeiQ technology capable of maintaining the ideal temperature constant. The fabric in this short-sleeved polo shirt has been subjected to a double treatment. The material is processed with the revolutionary HeiQ Smart Temp technology which activates intelligent thermo-regulation each time the body's temperature rises, initiating a cooling process which automatically deactivates when the temperature returns to the ideal level. The result is a polo t-shirt which is always fresh and comfortable. In addition, the HeiQ Pure treatment with an anti-microbial effect is a guarantee of a product that ensures greater freshness and is cleaner. This high-technology and breathable polo work Shirt has a vertical pocket on the chest with a zip closure in contrasting stretch material. Elasticized sweatband with logo. In the Burnt Olive and Lime Stone colour options, the reflective band on the left side of the chest and the reflective print logo, "U-Power".
