

Model: MAJO

Code: WST350GI

Colour: GREY IRON

DESCRIPTION

Majo is a pair of U-Power work trousers that combine comfort, durability, and functionality in a modern, versatile slim-fit design. Made from stretch cotton, they offer optimal freedom of movement to comfortably tackle even the most demanding workdays.

Designed with a keen focus on practicality, the trousers feature two multifunctional side pockets, two front pockets, and one back pocket, providing ample space to organize tools and accessories. The central closure with a zipper and an anti-scratch rubberized button, along with the elastic waistband and accented rear yoke, ensures a comfortable fit and extra lumbar support.

Built to last, they come with durable details such as knee pad pockets in 100% Polyoxford 300D anti-wear fabric, a reinforced hem, and triple stitching that enhances their robustness. The red reflex tape on the back loop provides increased visibility, while the hammer loop adds to the extremely functional design.

These U-Power trousers are the ideal choice for those seeking professional apparel that combines style, practicality, and durability. Perfect for professionals who refuse to compromise on comfort and performance.
