

Model: **WALL**

Code: **WFU278AG**

Colour: **ASPHALT GREY**

DESCRIPTION

Work vest with graphene padding and excellent thermoregulation properties that distributes heat when necessary and provides the body with the ideal micro-climate in case of low temperatures. The innovative graphene fabric guarantees an even distribution of heat making this men's padded vest suitable for any weather condition, ensuring maximum comfort.

Water-repellent vest with bacteriostatic properties to control bad odours and ensure better garment hygiene even in case of prolonged use.

Multi-pocket vest with two front pockets with zip closure, vertical chest pocket with zip, and inner pocket with Velcro fastener. Hem and armhole in stretch fabric, side inserts in soft stretch Softshell to ensure optimal fit and comfort.

Wall is a sporty breathable vest with a reflective "U-Power" logo print on the right side of the chest and a "U-Supremacy" print on the back.

Work vest suitable for transport and logistics, building and construction, service and industry, craftsmen, electricians, plumbers, mechanics, tire dealers, agriculture, gardening and also for leisure activities.
